Windows 10 Turns 10!

Some versions of Windows 10 are reaching end-of-support—here's how it might impact you and what to do next.

End-of-Support by:

2025 July
Windows LTSB 2015

2027 July
Windows LTSB 2016

2029 Jan
Windows LTSB 2019

If you purchased your devices before 2020, you may be out of support soon.

JLT has your Windows 11 migration path

JLT's rugged devices are ready for the future with Windows 11 IoT LTSC. Easily transition your industrial systems while ensuring long-term stability and security. Our seamless migration process ensures your existing applications run smoothly on Windows 11—no disruptions, just improved performance.

With **Windows 10 support ending in 2025**, now is the time to upgrade. Windows 11 IoT LTSC offers a 10-year lifecycle, fewer unnecessary applications, and no TPM 2.0 requirement—making it the ideal solution for industrial environments
